

SYT T32H TAPPING MACHINE

Simple and Automatic

- Precision Efficient Quite
- Automatic reversing device
- Automatic operation system

Dimensions

T32h

PARAMETERS

Project	Parameters
Model	Syt T32h automatic electric Horizontal tapping machine
Spindle Travel	65mm
Thread Diameter	10mm-32mm for S45C (M10~M32)
Motor Power	6P 1550W
Spindle Rotation	50HZ:200,100,50 60HZ:240,120,60
Suitabel Feed Pitch	1.5,1.75,2.0,2.5,3.0,3.5
Thread per Inch	19,16,14,12,11,10,9,8
Max Capacity of Multi-Axis Tapping(It may changeaccording to the tapping depth and material quality)	10mm*10(axis),16mm*4,20mm*2
Body size	530*215*585mm
Weight	125KG
Warranty	a year free warranty,lifetime maintenance
what's in box	Machine * 1, Tool box * 1, Gear * 2 (one machine inside, another one in tool box) CT-12 Hex Nut or 3/8" drill *1,

OPTIONS

Work Table - Cooling System

FEATURES

Customize button

million key test
electric shock test
ensure safe and durable

Precision Head

Stable, precision
can be made ultra-small
superfine teeth
other general tapping
machine can not achieve

Intelligent automatic reversing device

reverse tapping machine to exit easy and simple

Efficient power

Intelligent automated operation system

Intelligent circuit protection system

overload protection switch

Smart foot plug interface

Efficient production

install multi-axis
on-demand
to achieve multiple
efficiency

WHY CHOOSE US

High Quality Material

quality copper wire HSS steel

Quality Accessories

one-time stamping molding, fine grinding

Assembly

strict quality inspection

Profession Packaging

wood or iron frame
