## **SYT T32 TAPPING MACHINE**

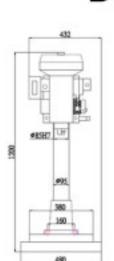

#### **Simple and Automatic**

**Presicion Efficent Quite Automatic reversing device** 

**Automatic operation system** 

## **Dimensions**

T32

## **PARAMETERS**

Project	Parameters
Model	Syt T32 automatic electric vertical tapping
	machine
Spindle Travel	65mm
Thread Diameter	10mm-32mm for S45C (M10~M32)
Head Moving Scope Up and	450mm
Down	
Distance from Spindle Nose to	600mm
Working Table	
Working Table Size	340*380mm
Base Size	600*480mm
Motor Power	6P 1550W
Spindle Rotation	50HZ:200,100,50 60HZ:240,120,60
Suitabel Feed Pitch	1.5,1.75,2.0,2.5,3.0,3.5
Thread per Inch	19,16,14,12,11,10,9,8
Max Capacity of Multi-Axis	S. T. S.
Tapping(It may	10mm*10(axis),16mm*4,20mm*2
changeaccording to the	
tapping depth and material	
quality)	
Body size	600*480*1200mm
Weight	250KG
Warranty	a year free warranty, lifetime maintenance
	Machine * 1, Tool box * 1, Gear * 2 (one
what's in box	machine inside, another one in tool box )

## **OPTIONS**

12 Hex Nut or 3/8" drill \*1,

## **FEATURES**

### **Customize button**

### **Precision Head**

Stable, precision can be made ultra-small superfine teeth other general tapping machine can not achieve

## **Intelligent automatic**

reversing device reverse tapping machine to exit easy and simple

## **Efficient power**

## operation system

**Intelligent automated** 

## Intelligent circuit protection system

## **Smart foot plug interface**

#### **Efficient production** install multi-axis

on-demand to achieve multiple efficiency

# **WHY CHOOSE US**

**High Quality Material** quality copper wire HSS steel

Quality Accessories one-time stamping molding, fine grinding

## strict quality inspection

#### **Profession Packaging** wood or iron frame
